Snapping Shoals EMC

A Monthly Newsletter for Our Members

July 2025

Annual Meeting: Thursday, July 17

Registration Cards Will Be Mailed By Envelope

This year's Annual Meeting of the Members of Snapping Shoals EMC is set for Thursday, July 17, at the Georgia International Horse Park in Conyers. Instead of our traditional Annual Report, members will receive a letter in early July that contains their registration cards. Please bring the cards with you to the Annual Meeting.

Please bring the registration cards with you to the Annual Meeting.

Registration will be in-person only and will open at 8:30 a.m. and end promptly at 11:15 a.m. The business session will begin at 11:30 a.m. and prize drawings will be held after the business session ends. Members must be present to win prizes. The meeting will feature all of our tradi-

tional Annual Meeting festivities, including live music from High Road, children's games and energy information booths. 2608362

Only Snapping Shoals EMC members (electric customers) are eligible to register, to participate in the election of directors and co-op business, and to win prizes. Members must be present to win prizes. 4068011

Information usually found in the Annual Report will be available online at ssemc.com in July.

For SSEM's bylaws pertaining to the Annual Meeting and Election of Directors, please visit ssemc.com.

Introducing Our New Generator Program

Snapping Shoals EMC and Gresco Utility Supply's Renewables Team is excited to now offer backup power coverage to our members with Generac home standby generators! 4639798

For more details on our generator program, please visit ssemc.com/generator-program for more information or contact the Gresco Installation Team by calling (478) 315-0817.

GRESKO

FREQUENTLY ASKED QUESTIONS

Who is eligible for the program?

All Snapping Shoals members are eligible to participate in the generator program and receive discounted rates through this partnership.

How much does a whole-home generator installation cost?

While every home is different, members can generally expect to invest between \$10,000 and \$16,000 for a full-home backup generator system. This includes the generator itself, professional installation, permitting, and coordination of necessary gas work (though Gresco does not provide gas work directly). Final pricing is determined after a free on-site survey to evaluate the specific needs of your home.

How much of a discount can Snapping Shoals members expect?

Snapping Shoals members can expect to save approximately 10-15% compared to buying a generator and related equipment from big box stores (equipment depending) or other generator distributors. Installation costs are typically 5-10% lower than those of other providers.

What does the installation include?

The installation includes a Generac whole-home standby generator and an automatic transfer switch. In the event of a power outage, the system restores electricity to your entire home within 30 seconds — keeping your lights on, appliances running, and life uninterrupted.

Home Weatherization

Help your wallet beat the heat

In addition to increased comfort, weatherizing your home is an excellent way to save energy and lower your cooling and heating costs. Here are three ways you can seal in comfort and savings.

1

Caulk

Apply caulk around cracks and openings between stationary components like door frames and window frames. 4655610

2

Weather Stripping

Install weatherstripping around components that move, like doors and operable windows. 4712486

3

Insulation

Adding insulation is an effective weatherization strategy, especially for older homes. Consider additional insulation in areas like an unfinished attic, exterior walls and floors above uninsulated spaces.
